

Your invitation to join Holme Valley Fairtrade

Holme Valley Fairtrade is a group of individuals from around the Holme Valley working together to promote Fairtrade and encourage people to shop local, think global.

Holme Valley Fairtrade is a campaign group representing The Fairtrade Foundation in this area. We raise awareness about Fairtrade through events, and social networks; promoting all the local organisations who support Fairtrade along the way.

Fairtrade is about better prices, decent working conditions, local sustainability, and fair terms of trade for farmers and workers in the developing world. The Fairtrade Mark guarantees a fair price for the people behind the product. When you buy a Fairtrade or fairly traded product you are having a direct positive impact on the lives of the producers and their families: from vanilla farmers in Madagascar, to cotton farmers in India; from wine growers in Chile to cocoa farmers in Ghana; from felt makers in Nepal to garment makers in Rajasthan.

Holme Valley Fairtrade invites you to join our extending network of Fairtrade supporters. Please fill in the following information and simple questionnaire. This information will enable Holme Valley Fairtrade to engage more widely with the community and link your business to our new website: working together to help promote all those shops, cafes, restaurants, schools, churches (and more!) who support Fairtrade; encouraging people to shop local, think global.
